Divine Healing

By Brother David Jardine

What is Divine Healing?

Divine Healing is Jesus Christ meeting you at your point of need and it doesn't matter whether that need is in body, mind or spirit.

What type of ministry is used?

In the Ministry of Divine Healing we normally minister through prayer, counselling, the laying-on of hands and anointing with oil.

Do you need faith if you are going to be healed?

Jesus almost always needed faith to work with - sometimes the faith of the sick person and sometimes the faith of those who came on behalf of the sick person. We are told that He was able to do no mighty works in His own home town because of their lack of faith. So if Jesus needed faith when He was here on earth, He needs faith today: three kinds of faith - the faith of the church, which creates an atmosphere expecting people to be healed through prayer; the faith of those ministering; and the faith of the sick person. If those coming for ministry have a strong faith that is great, but the whole onus of responsibility must not be placed on their shoulders. The faith of the church and the faith of those ministering is also very important.

Should people be healed instantaneously?

God is quite capable of healing people instantaneously and often does, but it appears that today most people are healed gradually over a period of time. That is why, if we do not receive instantaneous healing, it is important to keep coming back regularly for ministry.

What about the medical profession?

In the Ministry of Divine Healing we respect the medical profession and encourage people to receive medical treatment. What we offer is a different dimension, a spiritual dimension, which compliments medical treatment, quickens up its effects and can often bring healing when doctors can do no more.

Do you pray for physical healing?

Yes, but we also pray for the whole person - body, mind and spirit. Much illness, disease and unhappiness can be caused or made worse by anxiety, fear, resentment, anger, bitterness, jealousy, bigotry, hatred, lack of self-esteem, etc. So as well as physical healing we pray for psychological, spiritual and emotional healing.

The greatest healing of all?

Often in the Ministry of Divine Healing we focus on prayer, counselling, the laying-on of hands and anointing with oil. These are very powerful channels of God's

healing grace. But surely the greatest healing of all is coming into a new relationship with God. The opportunities to develop this relationship are limitless. 'If anyone is in Christ he is a new creation. The old has passed away, behold the new has come'.

Can we receive prayer for someone else?

Yes. This is receiving prayer by proxy. The centurion came on behalf of his son. The four men came on behalf of their paralysed friend. We can receive prayer and the laying-on of hands on behalf of someone whom we are concerned about.
